2017/8 Network Activities

Coordinate and Communication

«*Lieu de santé sans tabac*» strategy and communication development by new guidelines, staff training, health promotion activities implementation in healthcare services, health community commitment fostering (*Moi(s) sans tabac* campaign, cessation programs for low income people and prisoners...).

Sharing and Learning Activities

We elaborated a new training program focusing on brief motivational interventions aiming at nurses and practitioners empowerment, care management skills reinforcement, knowledge and good practices dissemination.

We also provided healthcare practitioners with up-to-date guidelines and good practices with specific guidelines to foster nurses engagement in tobacco cessation programs.

Advocate and Collaborate

We are committed in a task force for the reinforcement of smoke free policies in hospitals and healthcare services led by the French Government in partnership with the Regional health Agencies advocating for new smoke free areas (public garden, beaches, coffee terrace), tobacco prices increases...
