### Innovative/good practice:

### Focus Form C – Jury suggestion for sharing GOLD FORUM Event example

#### NETWORKING

#### COMMUNITY ENGAGEMENT

##### Activities with schools, children and teenagers

Promotion of health and prevention of smoking in groups of special interest as children and adolescents. This promotion is carried out in the secondary schools and institutes of the area.

#### PROMOTER GROUP

##### Activities aimed at pregnant women

As a group of special interest intervention against smoking in pregnant women and their partners, with special emphasis on passive smoking and its influence on the future baby

##### Activities with patient associations

The hospital actively participates in health promotion activities aimed at associations of diabetic, cardiac patients and with pathologies closely related to tobacco consumption. In addition to the promotion of smoking cessation is complemented with initiatives to increase physical activity and healthy eating.
